Dear Mr. Witham:

On December 14, 2004, DES issued Letter of Deficiency# WSEB 04-199 (“LOD”) to the subject water system because the drinking water exceeded the maximum contaminant level for Uranium. Since the water system has now connected to the Raymond Water Department, DES hereby closes LOD# WSEB 04-199.

**Please note that this Letter of Closure relates solely to the referenced LOD. Other serious non-compliance issues remain, which are the subject of separate correspondence.**

If you have any questions, please contact me by phone at (603) 271-2854, or by e-mail at [aleach@des.state.nh.us](mailto:aleach@des.state.nh.us).

Sincerely,
